

# Expur Presentation

2025

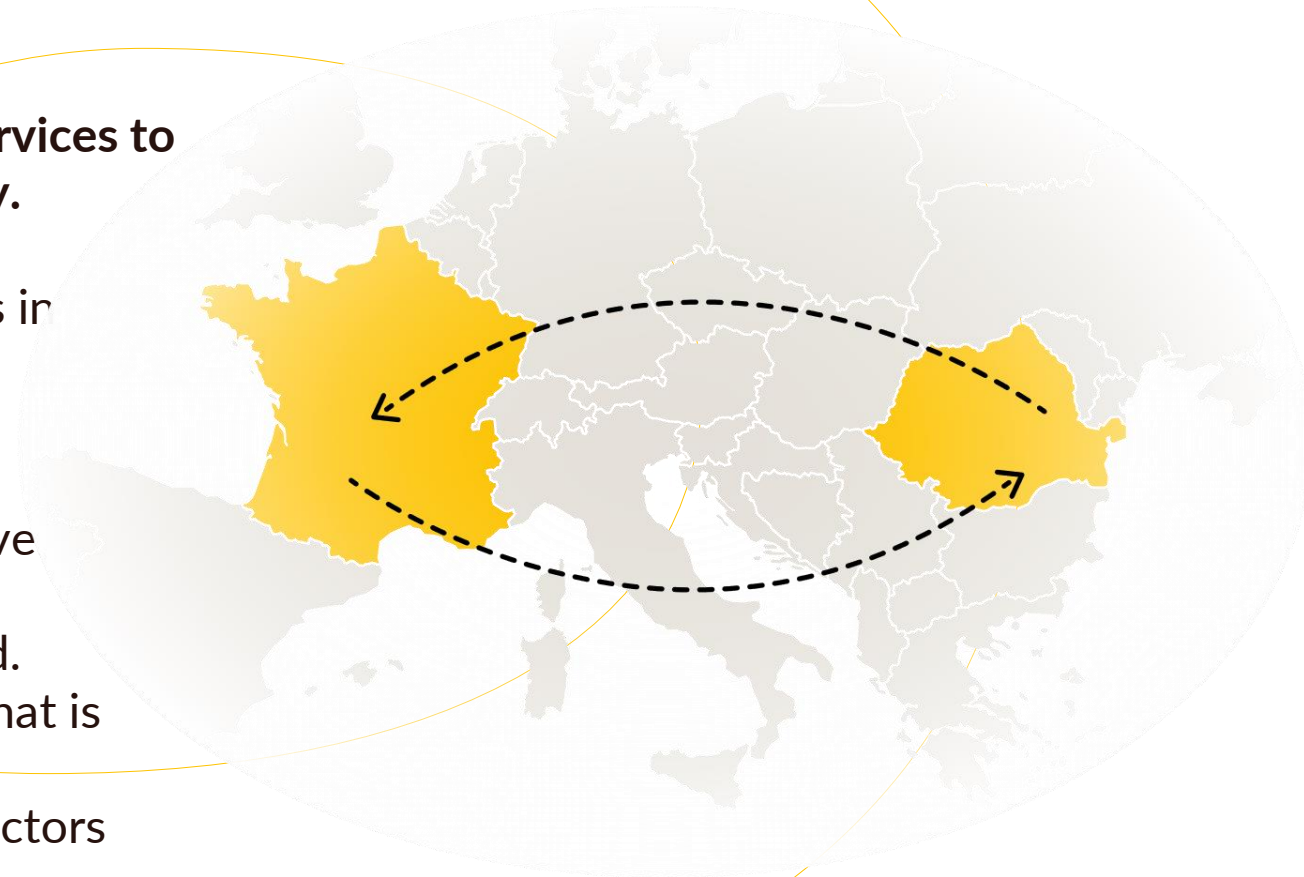

# Who we are

**We provide ingredients, industrial products and services to our customers in a responsible and sustainable way.**

Expur is one of the largest oil processing companies in Romania.

Our scope is to create a link between farmers and customers, supporting sustainable agricultural practices to deliver essential food ingredients, renewable energy and animal feed.

We are part of Avril, an agri-food group in France that is working for the development of vegetable oil and protein sectors and renewable energy.

# Our Mission

To provide customers with healthy food and renewable energy through excellence and innovation for a clean future.

# Our Values

## Respect first.

We are mindful of every voice, every concern and every partnership.

## Lead with boldness.

We dare to create a clean future through excellence and innovation.

## Strive for performance.

We commit to delivering outstanding solutions and results.
